

"I grew up in very poor conditions and already had to earn money as a kid to support my family. Being able to read the newspaper or to use a mobile phone is an amazing experience and now I can even go to nursing school. A dream I have had my whole life. I don't know how I managed life before being able to read and write."

Sahadatou de Moussa, Student- CBFL class no 43 in 2014
